When we receive the completed foster questionnaire confirming that you would like to proceed with fostering a hedgehog/s, we will arrange for a member of staff or a trusted volunteer to visit your property for a 'home check' to see that the environment is suitable for the hedgehog/s.

The home check is a requirement of the fostering procedure.

I understand if the home check fails, and unless changes can be made, I will no longer be considered for fostering.

I give permission for a member of staff or trusted volunteer to carry out a home check on my property for the purpose of checking suitability for fostering a hedgehog/s.

I consent to Hamworthy Hedgehog Rescue storing my submitted details.
